

# Ti-k

## Punti Luce Points of light / Strahler

Ti-K è l'applicazione del minimalismo e della miniaturizzazione alla luce.

Da questa volontà progettuale nasce una gamma completa di faretto orientabili ad incasso per illuminazione d'accento.

La serie prevede due formati distinti, disponibili sia nella versione monolampada per l'illuminazione di dettaglio, sia nella versione multilampada per i progetti di illuminotecnica in cui è richiesta versatilità di utilizzo.

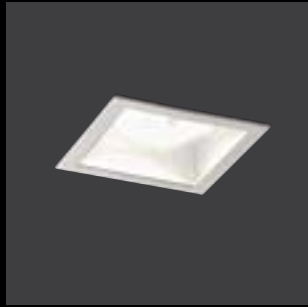

Ti-K applies minimalism and miniaturisation to lighting.

This design concept underlies a complete range of adjustable recessed spotlights for accent lighting.

The series comprises two separate formats, available in the mono-light version for accent lighting, or multi-light version for lighting projects requiring flexibility.

Ti-K ist die Anwendung von Minimalismus und Miniaturisierung auf das Licht.

Aus diesem Projektansatz ist eine komplette Palette schwenkbarer Unterputz-Strahler für effektvolle Beleuchtung hervorgegangen. Die Serie sieht zwei verschiedene Formate vor, die in der Version mit einem Spot für die gezielte Beleuchtung und in der Version mit mehreren Spots für Beleuchtungsprojekte erhältlich sind, in denen eine vielseitige Nutzung gefragt ist.

# Ti-k

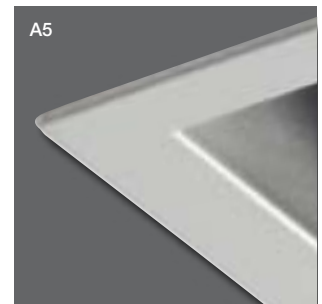

Ti-K è una serie di apparecchi orientabili ad incasso per l'illuminazione di interni. Realizzati in lamiera di acciaio verniciato, sono proposti con tre finiture e due formati differenti per adattarsi ad ogni progetto di illuminazione. Disponibile con varie fonti luminose da una a tre lampade alogene. La versione piccola viene proposta anche con Led 2W bianchi o RGB. Completano la gamma una versione asimmetrica e una ad abbagliamento ridotto con lampada regolabile in altezza.

Ti-K is a series of recessed adjustable lighting devices for interiors. The lights, made from coated sheet-steel, are proposed in three finishes and two different formats to meet all lighting design needs. Available in various versions: from one to three halogen lamps. The small version is also proposed with 2W white or RGB LEDs. The range is completed by an asymmetric version and a reduced-glare version with height-adjustable lamp.

Ti-K ist eine Serie mit schwenkbaren Unterputz-Strahlern für die Beleuchtung von Innenräumen. Die Strahler bestehen aus lackiertem Stahlblech und sind mit drei Oberflächen und in zwei Formaten erhältlich, um allen Projektanforderungen gerecht zu werden. Lieferbar mit verschiedenen Lichtquellen mit einer bis drei Halogenlampen. In der kleinen Version auch mit LED 2W weiß oder RGB erhältlich. Ergänzt wird die Palette durch eine asymmetrische Version und eine blendfreie Version mit höhenverstellbarer Lampe.
